MAINTAINS & PROTECTS HEALTHY LIVER FUNCTION*

AIDS IN LIVER DETOXIFICATION*

STIMULATES HEALTHY BILE PRODUCTION*

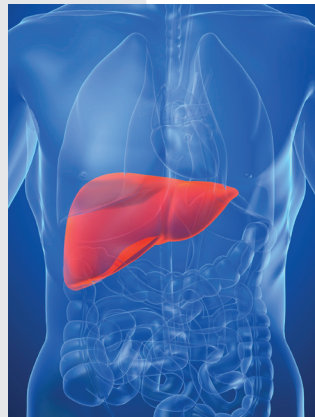

PROMOTES HEALTHY CHOLESTEROL LEVELS*

REINFORCEMENT FOR ONE OF YOUR BODY'S HARDEST WORKING ORGANS

Even with a healthy nutritional plan, your liver is a crucial organ that takes on a serious workload. Nearly every toxin and chemical that enters your bloodstream gets processed or disposed of by your liver. Daily life forces your body to filter an abundance of contaminants on its own, but that demand increases even further when drugs, alcohol or medical conditions come into play, and even more so when you find yourself surrounded by other environmental toxins and pollution.

LIVER SUPPORT FORMULA gives your body the defense you need to fight off potentially performance-robbing plateaus you may reach when your liver is overtaxed.*

The natural extracts in LIVER SUPPORT FORMULA effectively add to your body's ability to handle everything you and your environment throw at it. Milk Thistle Extract has been used successfully for years to maintain a healthy liver and protect it from damage, and it is often prescribed to support various liver damaging conditions. Dandelion Root Extract is known for its liver-detoxifying properties while Artichoke Extract protects the liver by increasing the ability of bile produced in the liver to effectively deal with lipid processing.*

LIVER SUPPORT FORMULA provides the help your body needs to protect and support a healthy liver*
